

UNT ROBOTICS • SPONSORSHIP

FUEL THE NEXT GENERATION OF ENGINEERS.

We design, build, test, and fly — rockets, robots, and everything in between. Your sponsorship puts your brand alongside the most ambitious student engineers at the University of North Texas.

WHO WE ARE

UNT Robotics is an entirely student-led engineering organization at the University of North Texas — and one of the largest on campus. With roots going back decades and revived in 2018, we give students the chance to apply what they learn in class to exceptionally challenging, real-world projects.

Through weekly workshops, hands-on projects, and national competitions, our members design and build robots and rockets from the ground up — hardware that costs thousands of dollars and pushes what students thought was possible. Because we run on a non-commercial model, **we rely entirely on sponsors and donors to make it happen.**

WHAT WE BUILD

From high-power rockets flown at NASA Student Launch to a self-driving sofa, our members take on projects across every discipline.

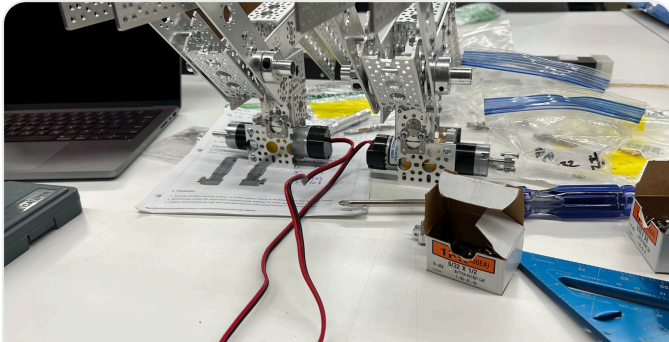

AEROSPACE HIGH-POWER ROCKETRY

Custom airframes flown at NASA Student Launch, Marshall Space Flight Center.

COMPETITION — 1ST PLACE IEEE REGION 5

Our autonomous competition robot, built to take on — and beat — eleven other universities.

ROBOTICS JPL OPEN-SOURCE ROVER

A six-wheel rocker-bogie rover running ROS 2 — our intro to real robotics.

FLAGSHIP ROBOT SCRAPP-E

A tracked companion robot with an animatronic head and gripper arms.

**RECREATIONAL
SOFABOT**

A fully rideable, self-driving electric sofa —
because we can.

**OUR OWN EVENT
BOTATHON**

Our annual robot-combat competition —
seven seasons and counting.

WHY SPONSOR US?

Sponsoring UNT Robotics puts your brand in front of exceptional engineering talent — and helps build the next generation of your industry.

RECRUITING & TALENT

Gain face-to-face access to our engineering teams. The build-and-development experience tells you more about a candidate than a thousand interviews ever could.

BRAND AWARENESS

Bring your brand into the UNT orbit. Our high-profile projects have gone viral on social media, featured on television, and drawn crowds at in-person events.

COMMUNITY IMPACT

Your support funds STEM outreach with schools, scouts, and local organizations — inspiring the scientists and engineers of tomorrow.

WAYS TO SUPPORT

Sponsorship is flexible — and we'll work with you to connect our members with your company's message.

1

FINANCIALLY

Fund the parts, equipment, and materials that go into our competition robots and rockets — the fastest way to make a direct impact.

2

GIVE A TALK

Come to campus and inspire young talent with a talk about your company and your industry.

3

MENTORSHIP

Industry experts and UNT alumni are invited to get involved as mentors and contributors on our advanced projects.

4

VOLUNTEER & OUTREACH

Join us at outreach events and bring hands-on rocketry and robotics to the next generation of engineers.

SPONSORSHIP TIERS

Every level makes a real difference. Prefer to give in kind (parts, equipment, services)? We value in-kind support at retail toward these tiers.

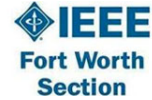

Benefit	Friend \$250+	Bronze \$500+	Silver \$1,500+	Gold \$5,000+	Title \$10,000+
Thank-you on our social media	✓	✓	✓	✓	✓
Name / logo on our website	–	✓	✓	✓	✓
Logo on event banners	–	✓	✓	✓	✓
Logo on competition robots & rockets	–	–	✓	✓	✓
Campus talk / recruiting session	–	–	✓	✓	✓
Resume access & priority recruiting	–	–	–	✓	✓
Project naming & premier placement	–	–	–	✓	✓
Division / event naming rights	–	–	–	–	✓

Tiers are a guide — we're happy to build a custom package around what matters to your company. Amounts shown are annual.

OUR SPONSORS

We're proud to be supported by companies and organizations who believe in student engineering.

LET'S BUILD SOMETHING TOGETHER.

Whether it's a one-off donation, a multi-year partnership, or in-kind support, we'll be flexible and make sure your investment counts. Get in touch to discuss sponsoring UNT Robotics.
